

## Raymond A. Ada

Campus Director - IntelliTec College in Colorado Springs

Raymond A. Ada has been key to ensuring that all aspects of campus operations are delivered toward meeting the College's mission statement: *"To Provide Excellent Career Training"* and goal: *"To Produce Highly Skilled, Employable Graduates"*.

He believes IntelliTec College provides students the opportunity to realize their dreams of receiving an education. This becomes reality with quality customer service offered at the College. He also supports the idea that collaboration with the community is critical in the student learning process for the purposes of service, leadership and partnership.

In December of 2009, Mr. Ada served as the Dean of Faculty and assisted as Campus Director for IntelliTec College. Since August 2011, he officially became the Campus Director for IntelliTec College. He oversees all aspects of campus operation and supervises admissions, financial services, business office, registrar, academic departments, student services and career services.

Mr. Ada has over 20 years of extensive leadership and management experience in industries encompassing the proprietary education sector and human services. He has worked in the education industry for 15 years. Ada earned his Bachelor of Science in Human Rehabilitative Services from the University of Northern Colorado, and obtained a Master of Arts in Organizational Management and Master of Business Administration, both from the University of Phoenix. He is currently working on his Ph.D. in Education Leadership in Higher Education from Capella University.
